# OUR FAMILY'S BUSINESS IS YOUR FAMILY'S HOME

From repairing an aged roof to restoring a home shattered by a storm, NMC has performed an average of 800 projects a year. You'll get to know your NMC project manager and our team members as we work together to cover every aspect of your construction. We will deliver the structural integrity, safety, attractiveness and comfort you expect. NMC specializes in insurance damage restoration and has strong relationships with top insurance carriers. If a claim is filed, NMC promises to partner with you throughout the entire build-back process.

I had a fantastic experience with NMC. The entire process start to finish felt seamless. Communication was prompt & I felt educated through the whole thing. My neighbors all commented on how quick the roof was completed and how impressed they were. We have a puppy and I was nervous about the clean-up, the crew exceeded my standards and it was immaculate. They were more than exceptional to work with! I would highly recommend NMC to anyone needing efficient work completed. — AD

NMC Exteriors / Reviews

**Important:** If you have been told by another contractor that they will pay your insurance deductible for storm damage, please note that this is **FRAUD** under Minnesota Statute 325E.66 and is subject to felony charges.

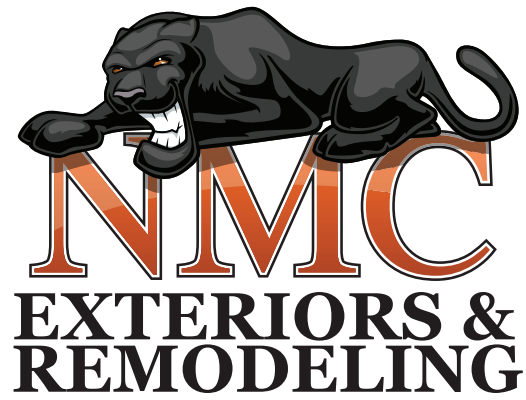

**Roofing Repairs and Replacement,**  
typically completed in one day!  
NMC recommends asphalt shingles  
as the most cost-effective way to  
protect a Minnesota home. We offer  
steel, slate, cedar shake and stone-  
coated steel roofing too.

# ROOFING

**Great Siding Selections and Types,**  
with the best industry warranties.  
NMC cares for every detail of  
installment, offering vinyl, aluminum,  
steel, James Hardie Cement Board,  
LP Smartside, cedar and PVC siding  
options for any project size.

# SIDING

### **Aluminum is the Most Popular...**

Gutters and downspouts are integral for the functionality of your exterior system. A healthy system preserves your topsoil and protects siding & trim from back splash water that can damage paint and cause wood rot.

### **Create Your Beautiful View of Minnesota while Maximizing Energy Efficiencies...**

With the extreme hot humid summers and frigid cold winters of Minnesota, it's important to install only durable high quality windows and doors in your home. We offer brand name selections with warranties ranging from two decades to lifetime guarantees, which can transfer from owner to owner. We install properly so you can increase your energy efficiency and lower your utility bills. Combining proper attic insulation and ventilation with sealing of all air leaks can lead to an 18% savings on heating and cooling bills.

# INSURANCE CLAIMS ADVOCATE DAMAGE RESTORATION

NMC is on your side. Contact us right away so that the wind, hail or other damage impacting your exterior can be fixed quickly to prevent mold due to roof leaks and other related issues. We will provide a comprehensive roof inspection and no-obligation estimates for repairs or replacement of your roof, siding and gutters.

“

At Fieldstone Parkway Homeowners Association, we have 80 Townhomes in our Homeowners Association located in Maple Grove MN. We had an initial claim with insurance from 2 storms in 2015. The initial claim was partially settled with insurance at around \$150,000. We felt there was additional damage that insurance should have covered. We eventually turned to NMC Exteriors & Remodeling. Nick Mortenson helped us to properly inspect our roofs and recommend a proper plan. Nick took the time and had the resources to take on a very challenging insurance claim. NMC helped us with temporary repairs to damaged roofs. They partnered with Tim Barthelomy of Independent Public Adjusters LLC. We eventually reached a final settlement with insurance for more than \$1.3 million which covered all remaining roofs and siding that was damaged by wind and hail. I would highly recommend NMC Exteriors & Remodeling to get the job done right. If insurance is involved, NMC can help reach a fair settlement. — Jim Logerquist President (2015 - 2017) Fieldstone Parkway Homeowners Association Inc.
